**Reminders to students:**

- ♥ Not all certifications/trainings/trips are offered every academic year; our SHSM program is a two year plan spread out over grades 11 & 12. Therefore if you miss an event, you may not have an opportunity to make it up and would be short a Red Seal diploma requirement.
- ♥ Attendance at SHSM events is a School Activity and therefore an excused absence from class. You will not be penalized for missing classroom content/assignments; teachers and students are encouraged to work together to re-negotiate timelines and to find creative ways to cover missed curriculum.
